

Bringing industry leaders and academics together for 30 years

2019 sees the thirtieth edition of the SAIIE conference, taking a cue from the past, we use the Roman numerals for thirty in our moniker, evoking the future when we call the conference this year SAIIEneXXXt.

Industrial engineering professionals are very tall people, with their feet firmly on the ground and their dreamy heads in the clouds. To express this duality, we introduce our theme:

Real Alternatives, every day industrial engineering, designing and implementing solutions that make a difference
and
Alternative Realities, our dream-scape in which we can build on our futurist ideas and conceive a world undreamt before.

SAIIEneXXXt brings together the finest thinkers, doers, dreamers and learners in the field of making things run better.

Full papers or A3 submissions will require the submission of an abstract that will be followed by the submission, if accepted, of a full paper or A3.

Full papers will be published in the conference proceedings.

A3s will be published and showcased on the SAIIE website.

The best papers will be reviewed and published as full journal papers in a special edition of the ISI-listed South African Journal of Industrial Engineering, without further editing required.

The age of alternative realities and real alternatives is now!

We encourage academia and industry, the young and the wise - everyone who is enthusiastic about sharing and learning to contribute to the conference with a full paper, our exciting new A3 track or abstract-only submissions.

IMPORTANT DATES FOR SUBMISSIONS

Abstracts deadline (both full paper and A3 track)	20 February
Full paper / A3 submission	15 June
Review process completed	31 August
Final camera ready papers and A3s	1 September
Abstracts deadline (for <u>abstracts only</u> track)	1 August

Upload abstract: <http://conferences.sun.ac.za/index.php/saiieNeXXXt>

New A3 track!

We would love to share in your journey as practicing industrial engineering professionals.

Submit a project that you are working on or a problem that you are solving in Toyota's A3 format. Your A3 will be viewed by peers to provide feedback and input on your work.

New Industry tour day!

SAIIEneXXXt offers you the opportunity to spend the day broadening your minds and sharing ideas with other industrial engineering professionals as we visit a range of companies pushing boundaries and exploring new territories.

Join us for a fun-filled day, jam packed with interesting visits. Your life will never be the same again.

The age of alternative realities and real alternatives is now!

Alternative ideas call for alternative locations
Join us at the Boardwalk Hotel in sunny Port Elizabeth

IMPORTANT REGISTRATION INFORMATION

Presenter registration 1 April to 31 August 2019

Early bird registration 1 April to 30 June 2019

Standard registration 1 July to 31 August 2019

Late registration 1 September to 15 September 2019

CONFERENCE FEES

SAIIE-member rates

Early bird registration	R 6 800
Standard registration	R 7 500
Late registration	R 8 500

Non SAIIE-member rates

Early bird registration	R 7 800
Standard registration	R 8 500
Late registration	R 9 500

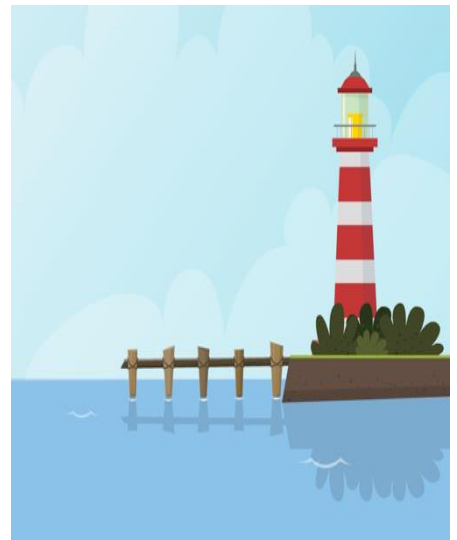

Presenters R 6 800

SAIIE student members R 3 600

SAIIE student members (daily rate) R 1 200

Daily rate R 3 500

Optional industry tour day R 1 000
