

SAIIE 2009 CONFERENCE
INNOVATION IN INDUSTRIAL ENGINEERING
28 – 30 October 2009
Roodevallei Country Lodge, Pretoria

Conference website: www.saiie2009.co.za

Registrations for the SAIIE 2009 conference will be accepted until 10 October 2009.

The world is demanding change. Change in our thinking, change in the way we work and change in the way we employ resources. Business expects innovation to thrive in a highly competitive global economy. What does *Innovation* mean to the Industrial Engineer in South Africa? At the 2009 SAIIE Conference you will find answers to this question by sharing current practice and research with like-minded Industrial Engineers.

Invited speakers:

We have confirmed participation of the following invited speakers:

- Mr Clem Sunter (Anglo American Chairman's Fund) – opening speaker
- Prof Niek du Preez (Stellenbosch University/Indutech)
- Prof Paul Kruger (University of Pretoria)
- Dr Dino Petrarolo (Shatterprufe)
- Dr Raj Siriram (Dimension Data)
- Mr Wessie van der Westhuizen (Altech) – conference dinner speaker

Programme:

To see the Draft programme, please follow the following links:

1. For a list of all the abstracts and papers, both in the Academic and Applied Engineering tracks accepted for presentation:
<http://www.saiie.co.za/ocs/index.php/saiie/2009/schedConf/presentations>
2. For an outline of the Draft Programme:
<http://www.saiie.co.za/ocs/index.php/saiie/2009/schedConf/schedule>

Registrations:

You don't have to do a presentation in order to attend the conference – if you are interested in the topic, please register and attend this exciting conference! Non-SAIIE members who attend the conference automatically become a SAIIE member for one year.

We look forward to your attendance!
