

# JOIN OUR GRADUATE PROGRAMME 2024

Bidvest International Logistics is a leader in the provision of global and local supply-chain and logistics services, with an international network of 250 offices in 120 countries. We have the following graduate programme opportunities if you are looking to put theory into practice in a world-class, global and local supply-chain and logistics organisation.

## **Johannesburg:**

BSc Computer Engineering Degree

BCom Law Degree

Industrial Engineering Degree

BCom Finance Graduate

## **KZN:**

BSc Computer Engineering Degree

HR Degree

## **Essential qualifications**

Applications must have completed a National Diploma or Degree with a 60% average for overall academic studies from a recognised tertiary institution. Applicants must be citizens of the Republic of South Africa aged between 18 and 35 years.

## **What are we looking for?**

We are looking for passionate, energetic, hardworking and committed graduates who have an interest in Logistics and Supply Chain and would like to start a career with limitless learning opportunities. You do not require any experience but need to be passionate about making a positive impact in the workplace and our industry.

## **What are we offering?**

Our 12-month graduate programme will provide a platform for qualified and successful graduates to be able to acquire workplace practice relating to their fields of study, enhancing their employability and career mobility. Bring your skills, qualifications, ideas and innovation and we will provide you with exceptional exposure and experience as you start your career.

## **Apply now!**

Register on our careers website before 24 November 2023, (<https://www.bidvestil.com/careers/>) click on BIL Graduate Programme 2024, answer the short questions and apply. The programme begins on 1 February 2024. Successful applicants will be notified.
